Rotating Literacy Groups

We enjoy our literacy group time. The activities can involve research reading, finding facts, sight word games, technology, writing and sometimes doing craft by following written instructions. There are 4 groups and a leader is chosen each week.

Their responsibilities are to make sure the right equipment is available and to keep everyone on task so that the team might be rewarded with dojo points. Each week the groups and the activities change. This means we get to work with everyone and learn to get along. We help each other and Ms de Peau uses this time to read in guided reading groups.
